Adapter Displayport mini + USB (Audio) male > HDMI female

Description

This Displayport adapter with audio function by Delock enables you to connect a HDMI device e.g. a flatscreen, monitor, beamer etc. to your Mac system. In this connection the video signal will be transferred via Displayport and the audio signals via USB 2.0 to a HDMI 1.3b output. When connecting another monitor you can extend or mirror your display.

Ref.	61755
EAN	4043619617555
Country of origin	China
Customs tariff number	84718000
